to get a big cage for
your ginnie pig.

3

Chapter 3

How old your
ginnie pig will
get. Your
ginnie pig will
for realy good
care be 10 years
old.

★ Plants and Flowers ★

I'm an expert on flowers.

I learned that there are different kinds of flowers and some flower and plants are poison and some plants can kill you like a cat. A cat can peck you and make you bleed so don't go near it. Some plant can make you itch like a poison ivy plant that can make you itch for like an hour.

But other plants don't kill you or make you itch as long as you stay away from them and plants can grow on rocks. And if you pull a plant that is so not kind. Don't pull any plant because if you were a plant I bet you wouldn't like it if some one pulled your arm.
